

**TO: Varsity Athletes**

**FROM: Lisa Hollibaugh, First-Year Class Dean**

**DATE: Fall 2008**

**RE: Physical Education Requirement**

On your summer program form, you indicated that you plan to participate on a Varsity athletic team. Therefore, you have not been given priority in the Physical Education lottery because participation on a Varsity athletic team during the fall semester will fulfill one-half of the Physical Education requirement and will give you one point of credit (maximum of one per semester).

**To receive Physical Education credit, you need to add the appropriate course number for your Varsity athletic team to your online program.** The course must be listed as part of your final program on eBear as approved by your adviser no later than September 12<sup>th</sup>, or you will not receive credit for your participation on the team.
